Re: British Columbia Hydro and Power Authority
Project No. 3698622/Order G-40-11
F2012 to F2014 Revenue Requirements Application

Further to the British Columbia Utilities Commission's (Commission) January 19, 2012 letter (Exhibit A-22) the Commission Panel would like to thank participants for their comments and submissions on the level of interim rate increase and the Deferral Account Rate Rider (DARR) for F2013.

The Commission Panel has determined that the February 13, 2012 oral argument phase listed in the Timetable is not necessary and will issue a decision in due course.

Yours truly,

Alanna Gillis
