The Commission may disallow comments that do not comply with the Rules of Practice and Procedure.

As residential property owners and tax payers in the City of Surrey, B.C. we have just received the above-noted information along with a covering letter from FortisBC. We do not object to an agreement that will improve the efficiency and working relationship between these two agencies. However, we are most concerned that one of the results will be the opportunity or necessity for one or both of the parties to increase or implement fees or charges as a result of this agreement to the detriment of the homeowners, businesses and residents of Surrey.

It is therefore essential that the finalization and implementation of the ORDER and agreement include a restriction preventing any new or expanded fees or charges as a result of this agreement or ORDER.

Thank you for your consideration of this important matter which has the potential to impact the residents of the City of Surrey.
