Additional information

Please state your reasons for intervening in this proceeding.

The Teck smelter is the principal industry and employer in the City of Trail ("Trail"). The sale of the remaining two-thirds of the Waneta Dam to BC Hydro with only a lease for Teck to use B.C. Hydro's two-thirds interest in the Waneta Dam for a specified period of time may have a negative impact on the sustainability of the Teck smelter. Any decision affecting the future of the smelter has great significance for the economic health of Trail and the entire region and could impact Trail's ability to provide municipal services to the residents of Trail.

The BC Utilities Commission is authorized to collect and publish a person or organization's personal information when they participate in a matter before the Commission under sections 26(c) and 33.1(r)(ii) and (iii) of the *Freedom of Information and Protection of Privacy Act* (FOIPPA). Subject to FOIPPA, all documents filed in respect to an application will be placed on the public record.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making.

As the elected municipal government of the residents of Trail, Trail has a direct and serious interest in maintaining municipal services to its residents and Trail's economic health. As a municipal government and an intervener in the Commission's proceeding relating to the sale of one-third of the Waneta Dam to BC Hydro in 2009, Trail has experience and information relevant to this matter including the history of the Waneta Dam and the Teck smelter and the impact of the Waneta Transaction on the residents of Trail and the surrounding areas.

Please list the key issues you intend to address in the proceeding.

The key issue Trail intends to address in the proceeding is whether the Waneta Transaction is in the public interest.

For administrative purposes only

Do you intend to participate fully, including attendance at hearings and submission of evidence or information requests, if applicable?	Yes
Do you intend to request PACA funding? This does not impact your ability to participate.	No
Have you or your organization web-registered as an intervener or interested party in the past 12 months?	No

The BC Utilities Commission is authorized to collect and publish a person or organization's personal information when they participate in a matter before the Commission under sections 26(c) and 33.1(r)(ii) and (iii) of the *Freedom of Information and Protection of Privacy Act* (FOIPPA). Subject to FOIPPA, all documents filed in respect to an application will be placed on the public record.
