Comment: Please specify the reasons for your interest in the proceeding, your views concerning the proceeding, any relevant information that supports or explains your views, the conclusion you support and any recommendations. The Commission may disallow comments that do not comply with the Rules of Practice and Procedure.

Living on the north end of the island we do not have any other resources available to us other than B.C. Hydro. We are paying large amounts of money for the "two tiered billing. I feel that this is unfair as B.C. Hydro basically has the monopoly on power. Our hydro bills are never just one tier. We keep all the lights off except for the room we are in. Thermostats turned off in the rooms we don't use and no longer use the dryer with the exception of drying towels in the winter.
