Ms. Erica Hamilton
Commission Secretary
British Columbia Utilities Commission
Sixth Floor – 900 Howe Street
Vancouver, BC V6Z 2N3

Dear Ms. Hamilton:

RE: Project No. 3698869
British Columbia Utilities Commission (BCUC or Commission)
British Columbia Hydro and Power Authority (BC Hydro)
Fiscal 2017 to Fiscal 2019 Revenue Requirements Application (the Application) – Exhibit B-1-5 - Project Name Change

BC Hydro writes to advise the Commission that BC Hydro has changed the name of the transmission capital project that was previously named the George Massey Tunnel Transmission (GMTT) Relocation project, to the South Fraser Transmission Relocation Project. The reason that BC Hydro has changed the name of this project is to avoid any confusion with a project planned by the B.C. Provincial Government to replace the George Massey Tunnel. Information regarding this transmission project was included in Appendix I, page 3 of 9 and Appendix J, page 68 of 86, of the Application, where it was referred to as the George Massey Tunnel Transmission (GMTT) Relocation project. BC Hydro will use the name South Fraser Transmission Relocation Project in reference to this transmission project in all public and internal reporting going forward.

For further information, please contact Gordon Doyle at 604-623-3815 or by email at bchydroregulatorygroup@bchydro.com.

Yours sincerely,

Fred James
Chief Regulatory Officer
