Attention: Patrick Wruck, Commission Secretary

Dear Sirs/Mesdames:

Re: FortisBC Energy Inc. (Fortis)
Application for Approval of Tariff Amendments, effective May 1, 2019 (the Application), to:

- **Rate Schedule (RS) 46 Liquefied Natural Gas (LNG) Sales, Dispensing and Transportation Service Tariff (RS 46); and**
- **FEI General Terms and Conditions (GT&Cs)**

We are external legal counsel to British Columbia Ferry Services Inc. ("BCFS"). We write in relation to this matter and specifically in respect of the letter dated July 30, 2019 from Fortis to the Commission providing an evidentiary update.

As the Commission is aware, Fortis' application contemplates wholesale changes to RS46. In order to provide a meaningful and considered response to the proposed amendments, BCFS must speak to one or more industry marketers regarding supply management realities and issues and discuss the implications of the significant changes with BCFS executives.

With respect, the current timeframe requiring responses by August 7 is too compressed and accordingly BCFS requests that the BCUC extend the time for response to August 16.

Thank you in advance for your understanding and attention to this matter.

Yours truly,

Borden Ladner Gervais LLP
