ATTENTION: Mr. Patrick Wruck, Commission Secretary

Dear Sir:

Re: FortisBC Energy Inc. Revelstoke Propane Portfolio Cost Amalgamation Application – BCUC Project No. 1599033
Canadian Biomass Energy Research Ltd. (CBER) Request for Extension for Responses to Information Request No. 1

British Columbia Utilities Commission (BCUC) Order G-13-20, dated January 20, 2020, established a regulatory timetable for the referenced proceeding. This timetable included provision for the Intervenors to respond to information request No. 1 by March 26, 2020.

Mr. Cornelius Suchy, the principal of CBER, advises that he is unable to provide the information requests by the March 26 date deadline due to the number of information requests, the significant time it will require for him to answer those requests, CBER's lack of other resources to utilize in responding to the requests, and due to CBER having a number of major work projects with end of March deadlines.

Please accept this letter as a request for an extension of the deadline to respond to the information requests to April 16, 2020, or to another date in April the BCUC deems appropriate.

Please direct any questions regarding this letter to my attention.

Yours truly,

Matthew J. Jackson
