Dear Messrs. Stout & Andrews:

Re: British Columbia Hydro and Power Authority
Project No. – Order No. G-99-04
Call for Tenders for Capacity on Vancouver Island
Review of Electricity Purchase Agreement

By letters dated January 5, 2005 (Exhibit C20-18), January 6, 2005 (Exhibit C20-19), and January 8, 2005 (Exhibit C20-22), counsel for GSXCCC-BCSEA requests that the Commission order BC Hydro to provide details regarding the January 2005 Vancouver Island peak load of 2250 MW. By letter dated January 10, 2005 (Exhibit B-38), counsel for BC Hydro submits that the GSXCCC-BCSEA request be denied and that the Vancouver Island peak load of 2250 MW can be tested during cross-examination.

The Commission Panel accepts the submission of BC Hydro and denies the GSXCCC-BCSEA request to order BC Hydro to provide details regarding the peak load of 2250 MW in advance of the hearing.

Yours truly,
