Dear **Sirs/Mesdames:**

Re: British Columbia Hydro and Power Authority ("BC Hydro") Application for the Review of the 2006 Integrated Electricity Plan ("2006 IEP") and the Approval of the 2006 Long-Term Acquisition Plan ("LTAP") BCUC Order G-37-06 - Project 3698419

Alcan Inc. wishes to register as an **Intervenor** in these proceedings.

Alcan currently supplies power to BC Hydro under a Long Term Electricity Purchase Agreement ("**LETPA**"). **Alcan** has recently entered into an agreement in principle with BC Hydro to amend and restate LETPA on terms that are **described** in BC Hydro's amendment to the LTAP filed on 31 August 2006 with the BCUC. Alcan's interest in these proceedings relates to its power supply arrangements with BC Hydro under these agreements.

Alcan recognizes that this notice is being filed past the deadline for interventions established in BCUC Order G-37-06, but respectfully asks the BCUC to accept this intervention for the following reasons. BC Hydro's filing on 31 August 2006 specifically refers to the amended and restated LETPA arrangements. Those arrangements are recent developments that occurred after the May 12th deadline for filing intervention, but are relevant to these proceedings. Alcan submits that no party will be prejudiced by accepting Alcan's intervention at this time.

At this time, Alcan intends to monitor the proceedings and only expects to be active to the extent necessary to respond to any issues that arise in relation to Alcan's power supply arrangements to BC Hydro. **Alcan** wishes to receive all copies of all notices, **correspondence** and other materials filed in this proceeding at the following address:
