Additional information

Please state your reasons for intervening in this proceeding.

In researching my forthcoming article in BC Studies, entitled "Rate Suppression and Debt Transformation: The Political Use of BC Hydro 2008 to 2014," I have developed some expertise as to the finances of BC Hydro and its inter-relationship to the provincial government. I believe that my participation would be of assistance to the Commission, especially as I am not representing any particular group or interest.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making.

I have a good understanding of the operation and finances of BC Hydro, and the financial challenges facing the corporation and its customers.
