*Fortis and BCUC are out of line with their billing. It's impossible to pay these crazy rates they've come up with. Because we are rural we are stuck with these ignorant 2 tier rates...they make no sense at all, no-one can possible live on this amount of electricity that they allow us before jumping the rates up to the moon. It's ridiculous and there in nothing we can do about it. They will not answer pertinent questions because they CAN'T, they beat around the bush a little bit then just move on to something else. It is so frustrating because they also seem to govern themselves. I was advised to have my house gone over for a power check, oh ya, it's a Fortis employee who I am supposed to pay to do this. It's ridiculous that they police themselves.*

*The whole thing is so outrageous and I can't believe it's gone on this long. Something needs to be done and those of us who have been hit with huge, unaccountable power bills should get a refund.*
