Dear Sirs/Mesdames:

**Re: British Columbia Hydro and Power Authority (“BC Hydro”) F2020 to F2021
Revenue Requirements Application ~ Project No. 1598990**

We are counsel to the Commercial Energy Consumers Association of British Columbia (the “CEC”). We write in response to the British Columbia Utilities Commission’s letter dated June 2, 2020 (Exhibit A-34), regarding any issues raised at the oral phase of argument. The CEC is providing its comments on BC Hydro’s submissions from oral argument on Friday June 12, 2020.

The CEC has one comment pertaining to the comment of BC Hydro’s counsel at page 2919 of the transcript where Mr. Bystrom was dealing with BC Hydro’s DSM allocations and stated:

“And to our knowledge there have been no reallocation of spending that have raised concern.”

This is not accurate. The CEC would direct the Commission to paragraphs 489 to 525 of CEC’s Final Submissions where the CEC sets out its concerns with respect to the ongoing reallocation of DSM investment away from commercial ratepayers, both between and within test periods. It is a significant concern of commercial ratepayers and while B.C. Hydro may not be responding to the concern, it is not accurate to indicate to the Commission concerns have not been raised.

All of which is respectfully submitted.

Yours truly,

OWEN BIRD LAW CORPORATION
