STATEMENT - BCUC Response to COVID-19

March 13, 2020

Due to concerns regarding COVID-19 and in consideration of safety, effective immediately, the British Columbia Utilities Commission (BCUC) will be cancelling all public events (e.g. workshops, streamlined review processes, oral hearings, etc.) until further notice. If any events can be rescheduled for a later date they will be. Amended regulatory timetables for current proceedings with public processes will follow.

The BCUC takes public safety very seriously and we continue to monitor the situation. We are following the recommendations of recognized health authorities and are ready to respond if the situation changes.

If you are impacted by any cancellations and have questions, please contact the BCUC at the information provided below.
