## **STATEMENT - BCUC Takes Additional Measures to Respond to COVID-19**

March 15, 2020

In light of recent developments regarding COVID-19 as well as recommendations by British Columbia and Canadian health authorities, the British Columbia Utilities Commission (BCUC) has taken added measures to help contain the virus.

In addition to our statement on March 13, 2020 which cancelled all public events until further notice, we are now requiring our staff and Commissioners to remain at home, and/or away from the BCUC office, and to work remotely, if possible.

Our office will be physically closed during this time; however, we will continue to operate. If you have trouble reaching our team by phone, please email [reception@bcuc.com](mailto:reception@bcuc.com) who will assist.

The health of our team and the public remain paramount, and we thank you in advance for your understanding.

### **CONTACT INFORMATION:**

Patrick Wruck

Commission Secretary
