Re:  BC Hydro and FortisBC Canal Plant Agreement  
Project No. 3698404

Dear Mr. Pellatt:

Regarding the FortisBC letter of Sept. 22 on the Canal Plant Agreement Application, I would like to set the record straight on what Mr. Isherwood referred to as my third concern. A careful examination of the FortisBC 2005 Revenue Hearing Volume 3, page 465, line 2 through to page 470, line 17, will show that I was in the process of asking those questions regarding the output from the Brilliant upgrades when the proceeding was interrupted by FortisBC counsel Mr. Macintosh and the whole Canal Plant issue deflected.

This issue of the Brilliant Upgrade power division is very relevant to these hearings, as are the entitlements on all plants on the Kootenay River. The Commission's mandate is to insure fairness and without a full examination of the Agreement, the question of fairness to the FortisBC ratepayers cannot be clearly settled.

Respectfully submitted,

Alan Wait
