Re: EPlus Homeowners Group

I have just completed on-line registration as intervenor in the BC Hydro 2015 rate application hearings, on behalf of the subject group.  
The EPlus Homeowners Group was a registered intervenor and active participant in the 2007 hearings on the matter of the Residential EPlus Rate, and at that time was recognized by the Commission as representing residential EPlus customers throughout the province.  
At that time we were provided with the assistance of legal counsel.  
Our participation in the current hearings will be limited to the same issue. We intend to make written submissions and possibly appear before the Commission. At this time we do not anticipate the need to be represented by counsel but we wish to leave that option open.

Thank you
