**Attention:** Erica Hamilton, Commission Secretary

Dear Sirs/Mesdames:

**Re: BC Hydro Contracted GBL Guidelines and Reconsideration of Order G-156-15  
Association of Major Power Customers (“AMPC”) Request for Intervener  
Status**

We are legal counsel to AMPC in this matter and write to request intervener status for AMPC.

AMPC is an industry association that represents major industrial load customers in matters of electricity regulation. AMPC members are transmission level customers of BC Hydro in the pulp and paper, forestry, mining, electrochemical and petrochemical sectors, and collectively represent a significant majority of BC Hydro’s large industrial load. They therefore will be affected by this application.

In this regard, AMPC has actively participated in the significant workshop and consultation activities conducted by BC Hydro that preceded this application.

AMPC intends to be an active participant in the information request process currently scheduled, and in further process as may be determined by the Commission at a future date. AMPC is directly affected by and therefore interested in, among other topics, the role and reliability of BC Hydro’s Cost of Service study, heritage Hydro, the freshet pilot, and the changes to the electricity/demand split for large general service customers.
