Dear Ms. Hamilton:

Re: BC Hydro and Power Authority 2015 Rate Design Application;
Peace Valley Landowner Association (PVLA) registering for intervention.

We wish to confirm that our application to register as an intervener in this process has been received. We had sent in an online form last week, but have not received confirmation of such.

The PVLA is registered under the BC Society Act, and we represent landowners who are impacted by the proposed Site C Dam.

We are conscience of the ongoing rate increases that are happening, and that more are proposed. As ratepayers who see the consequences of large expensive hydro projects on the Peace, we have an interest in BC Hydro rates. Among other issues, we wish to see fair rates for all classes of consumer, with no unfair burden placed on one sector.

Cheers, Ken

Peace Valley Landowner Assoc.
