Subject: Intervener Status

Dear Commission Secretary,

This is to inform you that I am interested in registering for Intervener Status in BC Hydro's coming rate review. I believe I deserve this opportunity as a long time customer of BC Hydro and the former BC Electric. Also the fact that I am subject to BC Hydro's oppressive Legacy Meter fees distinguishes me as someone who would be most affected by an Hydro rate increase.

I look forward to your earliest response.

Jim Ervin
