Dear Ms. Hamilton,

It has come to my attention that Sharon Noble's intervener status has been rescinded by the Commission's office. I need Sharon's voice to represent me in objecting to the exorbitant reconnection fees which BC Hydro wants to charge customers who had their power cut because access to the meter was refused. According to the BC Utilities Act this is illegal because it is discriminatory and it is punitive. Customers who are resisting smart meters, which are dangerous in many ways and infringe upon our rights are being discriminated against. Such fees are not reasonable or justified and are punitive. So please reinstate Sharon Noble's intervener status as my representative, for I have objections to BC Hydro's roughshod methods, in what is supposed to be a democracy.

Yours truly,
Doris Dalton, BC Hydro ratepayer
