Subject: Rescinded Intervener Status
Date: Saturday, January 9, 2016 3:42:41 PM

Constance Smith,
Senior Administrator,
BC Utilities Commission,
Vancouver, B.C.

Dear Ms. Hamilton;

Re; BC Hydro 2015 Rate Design Application - Letter of Comment re Sharon Noble / Log # 51126,
Exhibit A-9

I understand that Sharon Noble's intervener status has been rescinded by the Commission's office and am writing to support her and to ask that her status be reconsidered. The reconnection fee of \$700 is being used as a punishment against those of us who are resisting smart meters. There is more and more information showing the dangers of installing smart meters and this fee is unreasonably high. Please allow Sharon Noble to represent me and my concerns about smart meters at this hearing and reinstate her intervener status.

yours truly,

Richard C Laing (BC Hydro ratepayer
