Dear Ms. Hamilton,

Re: BC Hydro - 2015 Rate Design Application - Letter of Comment re Sharon Noble // Log No. 51126 ; Exhibit A-9

It has come to my attention that Sharon Noble's intervener status has been rescinded by the Commission's office.

Why has this occurred?

Sharon Noble is arguably the most knowledgeable individual in this Province on this topic, and has invested thousands of hours of her time on behalf of the people of British Columbia in investigating the truth and representing public concerns on this matter, which have been sorely neglected by our elected representatives.

Removing Noble, who represents thousands of other citizens, is in my opinion a reckless abuse of authority which demeans yourself and your office and makes a mockery of the concept of 'democracy'.

I believe it is crucial for the credibility of your office that you restore Sharon Noble to intervener status immediately and refrain from any attempts to silence her.

Yours truly,
Ron McNutt
