Attention: Ms. Erica Hamilton, Secretary to the Commission

Date: January 9, 2016

Dear Ms. Hamilton,

Re: BC Hydro - 2015 Rate Design Application - Letter of Comment re Sharon Noble // Log No. 51126 ; Exhibit A-9

It has come to my attention that Sharon Noble's intervener status has been rescinded by the Commission's office.

I ask that Sharon be allowed to represent my concerns as not all of us have the time to devote to such devious undertakings in what BC Hydro is doing. I consider her to be a watchdog for my point of view. I feel sad that BC Hydro has been taken over by corporate interests which is draining the province of BC taxpayers money. Charging people \$700 is outlandish.

Forcing stupid meters on everyone without asking is close to dictatorship. Is that what the BCUC wants?

Many people are upset with the unraveling of what they thought was a good province to live in.

Do you really want to continue with that line of action, forcing mild mannered people who are not rebels to become one.

People are feeling threatened with no money to survive on, as we all age and your team of decision makers can make a difference. Please allow Sharon intervener status to be reinstated on behalf of me, a citizen of BC.

I would prefer my head to roll on the floor rather than have BC hydro become more powerful than they seem to be these days. May the force be with you, and lets not Darth Vader die without a heart. Or change of policy.

Yours truly, Angele and Richard Ortega, BC Hydro ratepayers

Blessings Angele
