April 26, 2016

Ms. Laurel Ross  
Acting Commission Secretary  
British Columbia Utilities Commission  
Sixth Floor – 900 Howe Street  
Vancouver, BC V6Z 2N3

Dear Ms. Ross:

**RE: Project No. 3698781  
British Columbia Utilities Commission (BCUC or Commission)  
British Columbia Hydro and Power Authority (BC Hydro)  
2015 Rate Design Application (2015 RDA)  
Compliance with Exhibit A-28**

---

BC Hydro writes in response to the Commission's request in Exhibit A-28 for submissions regarding the review process for the Residential E-Plus rate design.

BC Hydro believes that the E-Plus rate design issues should proceed to written argument, as requested by the E-Plus Homeowners Group (EPHG) in its submission. If the Commission decides that the review of the E-Plus rate design is more appropriately reviewed through an oral hearing, BC Hydro will make available witnesses that can speak to E-Plus related issues.

BC Hydro also supports EPHG's request for an extension to the filing date for its evidence to May 16, 2016 and is comfortable with the other scheduled dates to remain as set out in Appendix A to Order G-50-16.

For further information, please contact Gordon Doyle at 604-623-3815 or by email at [bchydroregulatorygroup@bchydro.com](mailto:bchydroregulatorygroup@bchydro.com).

Yours sincerely,

(for) Tom Loski  
Chief Regulatory Officer
