Dear Ms. Ross:

**Re: BC Hydro 2015 Rate Design Application Module 1
Evidence of BCOAPO *et al.* – Expert Evidence of Roger Colton**

We write further to our letter dated May 9, 2016, in which we noted that BC Hydro filed a significant amount of updated information late on May 6, 2016 (see Exhibit B-26), just prior to the deadline for intervenor evidence.

Mr. Colton has reviewed BC Hydro's updated information at Exhibit B-26. While numbers contained in BC Hydro's revised information request responses might have a slight effect on Mr. Colton's testimony where he relies upon specific BC Hydro numbers, they do not change his analysis. Accordingly, we will not be filing updated testimony at this time; rather, Mr. Colton will update any minor changes in his oral testimony.

Should you have any questions, please let us know.

Sincerely,

BC Public Interest Advocacy Centre
