BC HYDRO

2015 RATE DESIGN

EXHIBIT A-34

To: British Columbia Hydro and Power Authority
Registered Interveners

Re: British Columbia Hydro and Power Authority
Project No. 3698781/G-156-15
2015 Rate Design Application Module 1
Confirmation of Witness Cross-examination

In preparation for the oral hearing in the above noted proceeding, scheduled for August 16-18 and 23-24, and considering that no information requests were submitted to the British Columbia Old Age Pensioners Organization *et al.* (BCOAPO) pertaining to the direct testimony of their non-expert witnesses, the British Columbia Utilities Commission (Commission) requests all parties to confirm whether they intend to cross-examine these witnesses. The witnesses referred to are the advocates and ratepayers who provided direct testimony within BCOAPO's Evidence, filed as Exhibit C2-12.

Any parties wishing to cross-examine these non-expert witnesses during the oral hearing must write to the Commission indicating their interest by no later than Monday, July 11, 2016.

Yours truly,
