Dear Ms. Ross:

**Re: BC Hydro 2015 Rate Design Application Module 1  
BCOAPO response to Commission letter of June 30, 2016 regarding the  
Commercial Energy Consumers (CEC) proposal for a non-firm interruptible  
rate pilot for medium and large general service customers**

We write to provide the submissions of BCOAPO in response to the Commission's letter of June 30, 2016 (Exhibit A-33) regarding the CEC's proposal for a non-firm interruptible rate pilot for medium and large general service customers (Exhibit C1-10).

We agree with and adopt the June 5, 2016 submissions of the BC Sustainable Energy Association and Sierra Club of BC on these issues, including the contextual points. BCOAPO does not currently have a position on CEC's proposal, but does not believe that the proposal should be expedited in the manner proposed by CEC.

Sincerely,
