Re: British Columbia Hydro and Power Authority
Project No. 3698781/G-156-15
2015 Rate Design Application Module 1
British Columbia Old Age Pensioners Organization *et al.* Non-Expert Witness Cross-examination

On July 4, 2016, the British Columbia Utilities Commission issued a letter requesting that any parties who wished to cross-examine the non-expert witnesses of the British Columbia Old Age Pensioners Organization *et al.* (BCOAPO) to inform the Commission by Monday, July 11, 2016.

As at the closing date of the submissions, the Commission has received no formal request from any party (including Commission staff) for the need to cross-examine these witnesses and accordingly, BCOAPO is advised that these witnesses may stand-down for the oral hearing scheduled in August.

Yours truly,
