**HEARING DATE:** August 16, 2016

**REQUESTOR:** Zone II Ratepayers Group

**TRANSCRIPT REFERENCE:** Volume 3, page 556, lines 3 - 19

**QUESTION:**

In BC Hydro's response to Zone II IR 1.5.3, Exhibit B-5 it states:

"BC Hydro provides capacity funding to aboriginal units to assist them in hiring someone locally to help promote the ESK and ECAP programs."

What does BC Hydro mean by "aboriginal unit"?

**RESPONSE:**

The term "aboriginal unit" was used in error in BC Hydro's response to Zone II IR 1.5.3, Exhibit B-5. Instead, BC Hydro intended to indicate that it provides funding to aboriginal communities to assist them to hire someone locally to promote the ESK and ECAP programs.
