### Additional information

Please state your reasons for intervening in this proceeding.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making.

I have 37 years experience as an electrical engineer (P. Eng.) in electric utility companies and industrial power applications for industrial companies; and I can provide independent insight to the proceeding from past experience in other jurisdictions.

Please list the key issues you intend to address in the proceeding.

Plans to limit peak demand to defer the requirement for future new generation (peak shaving) and planning for development of new generation and/or refurbishing existing plant with new technology.

For administrative purposes only

Do you intend to participate fully, including attendance at hearings and submission of evidence or information requests, if applicable?

Do you intend to request PACA funding? This does not impact your ability to participate.

Have you or your organization web-registered as an intervener or interested party in the past 12 months?

If yes, please provide your username
