Additional information	
Please state your reasons for intervening in this proceeding. <b>The FortisBC application documents are incomplete in that they do not adequately or fairly represent distributed generation (and to some extent demand side management). I wish to clarify these matters for the record.</b>	

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making.

**I am an electrical contractor and a professional engineer. I am a FortisBC net metering customer and I design and build distributed generation projects. I and my business are directly affected by FortisBC's resource planning.**

Please list the key issues you intend to address in the proceeding.

**An appropriate and economically justifiable policy towards and treatment of distributed generation and demand side management**
