Attention: Patrick Wruck, Commission Secretary

Dear Sir:

Re: FortisBC Inc. 2016 Long Term Electric Resource Plan and Long Term Demand Side Management Plan Application

This is to advise that I strenuously object to FortisBC's latest letter, dated July 21st, that has now been published on the BCUC website implying that I filed certain materials late. The truth is that I filed certain materials in-camera and on time, but then a decision was made by the Commission panel that they should be redacted, except that the decision never reached me as the communication was sent to the wrong email address.

As soon as the direction from the Commission panel reached me I complied with the Commission's request and as I said I strenuously object to what FortisBC is implying in their submission which is an wholly unfair allegation that should not be allowed to stand against my character. I therefore request that FortisBC not be allowed to make false allegations about me and that the letter be withdrawn forthwith.

Respectfully submitted
Andy Shadrack
