Attention: Mr. Patrick Wruck, Commission Secretary and Manager, Regulatory Support

Dear Mr. Wruck:

Re: FortisBC Inc. (FBC)

Project No. 3698896

2016 Long Term Electric Resource Plan (LTERP) and Long Term Demand Side Management Plan (LT DSM Plan)

Request for Suspension of Regulatory Timetable

On November 30, 2017, FBC filed the LTERP and LT DSM Plan referenced above. Recently FBC identified certain errors in the assumptions supporting the British Columbia Conservation Potential Review (CPR) for the FBC service territory; the report from the CPR (the CPR Report) was included as Appendix A to the LT DSM Plan.

FBC is requesting a suspension of the Regulatory Timetable set out in Order G-102-17 in order to complete its evaluation of the impact of these errors and to determine whether there is a resulting impact to the LTERP and/or LT DSM Plan, and the extent of any further evidence that may need to be filed. FBC expects to complete this evaluation and to propose a timeline to conclude the review of the LTERP and LT DSM Plan no later than September 8, 2017.

If further information is required, please contact Joyce Martin at 250-368-0319.

Sincerely,

FORTISBC INC.
