## **Additional information**

**Please state your reasons for intervening in this proceeding:**

My reasons for participating in this proceeding are I have particular expertise in the field of high capacity charging of EVs as my university thesis was on this subject and I've followed the recent trends in charging EVs and the super-charging stations.

**Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making:**

I have particular expertise in the field of high capacity charging of EVs as my university thesis was on this subject, Also I have a BAsc. in electrical power engineering that includes regulatory experience.

**Please list the key issues you intend to address in the proceeding:**

Different types of charging stations and associated costs and the potential regulatory issues, including the requirement for regulation in the EV charging stations market, the energy rates for EV charging service. Should EVs charging stations operate in a competitive market; what structure should apply to the charging rates; what are the benefits of regulation and the issue of cross-subsidization?
