Dear Sirs/Mesdames:

**Re: FortisBC Alternative Energy Services Inc. (“FAES”) 2018/2019 Revenue Requirements and Cost of Service Rate Application for the Thermal Energy Service to Delta School District No. 37 – Project No. 1598949 (the “Application”)**

We are the solicitors to Delta School District No. 37 (“DSD”) and write in regard to the above-noted matter.

Upon reviewing the FAES Information Request responses dated June 13, 2013, and the materials enclosed therein, it has become evident that it will be necessary for DSD to seek an extension of time from the Commission to tender DSD’s evidence in this proceeding. DSD requires the extension due (among other things) to the specific issues raised by FAES in its responses and the volume of FAES documents disclosed.

At this time, DSD expects that a 30-day extension will be sufficient for DSD to finalize its evidence (to August 11, 2018).

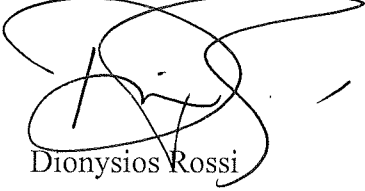

FAES has consented to the proposed 30-day extension, subject to the approval of the Commission, and on the condition that each subsequent procedural step in the current Regulatory Timetable likewise be extended by 30 days.

Accordingly, DSD hereby requests that the Commission grant the extension of time sought, on the above-noted terms.

We trust this is satisfactory. Should the Commission have any questions, we remain at its disposal.

Yours truly,

**Borden Ladner Gervais LLP**
