This 6.3% premium increase proposal is ridiculous. We are taxed in every way possible, prices of goods is steadily increasing, and monopolized insurance forcing taxpayers to pay outrageous premiums, is putting a very serious strain on the public. I have 3 kids, 2 insured vehicles, and countless other expenses, all while being the sole income earner for my household. I have had no accidents or tickets, and am a safe driver. I, among so many others, cannot afford these rate hikes. Add percentages to unsafe, and dangerous drivers. Not the good, hardworking, safe driving people that want to be able to provide the best for their families. Thank you.
