As a regular citizen I would like to give my input on this potential increase. I am a good driver and continue to do my best on the roadways. I would like the BCUC to consider not granting this increase to ICBC and have them do an internal audit of bonuses and salaries. It seems any other company would do this step but for some reason ICBC is exempt. An independent audit is a necessary step to gain the trust of the people of BC back. Please strongly consider not granting such a large increase have ICBC look at their practices internally rather than pass along costs to the public, as we the public, have no choice for insurance. Thank you for your consideration.
