<https://bc.ctvnews.ca/icbc-executives-received-hefty-bonuses-despite-financial-dumpster-fire-1.4167944> It would seem that the BC Commissions and ICBC are confused ... in any other business, when administration officials are not doing their jobs, they are disciplined/fired! Not rewarded! How can a business continue to ask their clients to pay for their mistakes? We should not have to cover expenses for their lawyers or cost of running their business. I pay my own expenses through budget management and hard work! BC government parties should not be able to take money from profits to pay for Olympics or social programs only to raise rates to build it back up again for future use! The BC Commission should look into how ICBC is managed before approving yet another rate increase! Thank you for at least giving an opportunity to have an opinion.
