I am reaching out to express my concerns on ICBC's proposed 6.3% rate increase for 2019. ICBC has been granted more than enough rate increases in the past. For them to request another 6.3 % increase for 2019 is outrageous. I feel we need to deregulate vehicle insurance and allow private insurance companies to step in or do an audit of ICBC and how they spend their money. For the CEO's to still get their high paying bonuses when they lose money and then want us to pay higher rates ridiculous. Private insurance companies allow for cheaper rates for good driver and higher rates for bad driver. This is how it should be. I hope many others are expressing their disapproval of this rate increase. For good drivers whose discount level is supposed to get better each year, we end up paying more!! We need this to stop.
