Re: Insurance Corporation of British Columbia – 2019 Revenue Requirements Application – Project No. 1598982 – Request for Information Presentation

Dear Mr. Landale:

The British Columbia Utilities Commission (BCUC) is in receipt of your January 3, 2019 request (Exhibit C-1-1) for an informal information presentation to be added to the Regulatory Timetable, established by Order G-1-19 dated January 2, 2019, with respect to the above-noted proceeding. In your submission, you indicated that an informal information presentation may contribute to reducing the number of information requests and responses, improving efficiency and expediting the regulatory process.

The Panel has considered the request and is not persuaded of the benefits and effectiveness of the requested information presentation at this time, and therefore, views that modifying the current Regulatory Timetable is not warranted. Further regulatory process for this proceeding will be established following the receipt of the Insurance Corporation of British Columbia's responses to BCUC and Intervener Information Request No. 1, which is scheduled for Friday, March 8, 2019.

By this letter, the Panel confirms the Regulatory Timetable as established by Order G-1-19.

Sincerely,
