Additional information

Please state your reasons for intervening in this proceeding:

ICBC has tried and failed as a business on several levels. The BCUC has allowed this to happen for far to long, at the expensive of the average person. The cost of running businesses in BC is high enough and I cannot afford to allow this.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making:

My business is having a hard time growing in this environment already. Increasing rates will only make it harder. We already have trouble dealing with ICBC in a customer service level and would rather move my business to alberta (as many others have) than allow them (and the BCUC) to gouge us any further.

Please list the key issues you intend to address in the proceeding:

1. The comparison of ICBC to private Insurance corps 2. The level they hurt businesses. 3. The poor management systems they run 4. How ICBC is running themselves into the ground and that it's not up to the residents of BC to save a failing Crown Corp.
