Additional information

Please state your reasons for intervening in this proceeding:

ICBC has been increasing their rate for the past 6 years. I'm interested in reviewing what formula they use to calculate this increase and what other options were reviewed before making this request.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making:

As a business owner for 26 years who drives over 40,000 km a year I have no choice but to purchase ICBC basic auto insurance. Increasing basic rate is not always the best decision

Please list the key issues you intend to address in the proceeding:

Also bonuses were paid to directors who met targets, I'm curious what targets are set when the corporation lost 893 million dollars? There are several claim centres across the lower mainland that are not being used to full capacity as the operation of ICBC has changed over the years. These are located on large pieces of land in high value locations. Why are such large pieces of property being maintained?

For administrative purposes only

Do you intend to participate fully, including attendance at hearings and submission of evidence or information requests, if applicable?: Yes

Do you intend to request PACA funding? This does not impact your ability to participate: No

Have you or your organization web-registered as an intervener or interested party in the past 12 months?: No

If yes, please provide your username:
