Re: Insurance Corporation of British Columbia – 2019 Revenue Requirements Application – Project No. 1598982 – Redacted Supplementary Information Request

On January 18, 2019, the British Columbia Utilities Commission requested that the Insurance Corporation of British Columbia (ICBC) file supplementary information regarding a bodily injury segmented analysis report that is referenced in the ICBC 2019 Revenue Requirements Application (Exhibit A-5).

On January 24, 2019, in accordance with Exhibit A-5, ICBC filed the supplementary information on a confidential basis. In its letter, ICBC requests additional time to complete the redaction of the confidential information in the report and to file it by Thursday, January 31, 2019.

The Panel considered ICBC's request and accepts the extension to file the redacted version of the supplemental information by Thursday, January 31, 2019.

Sincerely,

Original signed by Amanda Duncan for:

Patrick Wruck
Commission Secretary
