Dear Sirs/Mesdames:

**RE: River District Energy (RDE) – Commission Order G-147-19 Establishing a  
Regulatory Timetable**

We are requesting an amendment to the regulatory timetable established by Order G-147-19 to permit proper Notice of Application be given to customers and that an amended Public Notice reflecting the revised timetable be provided for distribution.

The original Order dated July 4, 2019 required public notice in prescribed form of RDE's Rate Application be distributed by July 15, 2019 to permit intervenor or interested party registration by July 25, 2019. Unfortunately, due to staff changeover, the notice was not given.

Yours truly,

Ross Hanson  
Chief Financial Officer  
River District Energy Limited Partnership
