**Re: British Columbia Hydro and Power Authority – F2020–F2021 Revenue Requirements Application – Project No. 1598990 – Request for Extension regarding Comments on Proposed Regulatory Timetable**

Dear Mr. James:

On August 2, 2019, the British Columbia Utilities Commission (BCUC) invited interveners and the British Columbia Hydro and Power Authority (BC Hydro) to indicate whether they support moving the procedural conference to November 22, 2019 (afternoon) or maintaining the current established date of December 19, 2019 (morning). Parties were also requested to provide written reasons for its support by Thursday, August 15, 2019.

The BCUC received a letter dated August 14, 2019 from the Zone II Ratepayers Group (Zone II RPG) requesting an extension until August 19, 2019, to submit its response to the proposed regulatory schedule because its legal counsel “was unable to issue the letters prior to leaving town and is now without internet or phone until August 18, 2019.”<sup>1</sup>

The Panel has considered Zone II RPG’s request in light of the established and proposed regulatory timetables. In the Panel’s view, Zone II RPG’s request will not cause a delay to either the established or proposed regulatory timetable. Therefore the Panel is granting Zone II RPG’s request and provides the extension to all parties and requests that parties provide their submissions to the BCUC no later than Monday August 19, 2019.

Sincerely,

*Original Signed By Ian Jarvis for:*

Patrick Wruck  
Commission Secretary
