Additional information

Please state your reasons for intervening in this proceeding:

The CEC is composed of members which are commercial class consumers of energy. These consumers are affected by regulatory policies and principles, and may also be affected as customers of municipal/regional district energy utilities or impacted through their rates in Fortis and/or BC Hydro utilities.

Please state how you are directly or sufficiently affected by the Commission's decision in this matter; or describe your experience, information, or expertise relevant to this matter that would contribute to the Commission's decision making:

The interests and rates of the CEC's members will be affected by this application. It is important that the CEC is represented in this proceeding in order to ensure that the members' interests are articulated and represented. The CEC's participation will also assist in ensuring that a balanced approach is considered by the Commission in reviewing BC Hydro's Application and that commercial class customer ratepayers' interests are considered. The CEC has been actively represented on a consistent basis before the Commission since 2003.

Please list the key issues you intend to address in the proceeding:

The CEC has not identified a list of specific issues at this time, but will address relevant issues that arise in the proceeding. Regulatory policies and principles are expected to be key issues.
