Subject: SUREPLY TO EXHIBITS C9-2 & C13-2, LEC & LIEC

Dear Commission Secretary,

Ultimately, the Panel will make the final determination. However, I have some brief comments on the above exhibits.

RE: SUREPLY to C9-2

LEC alleges that the interests of LEC and the City are substantially different and dissimilar. It should be noted that not all municipalities or regional districts followed this path of dual registration as an intervener in the Inquiry.

RE: SUREPLY TO C13-2

I note that Exhibit C13-2 states that both the City of Richmond and LIEC have substantially similar interests [point 4] which would suggest that amalgamation is possible.

Regards,
Don Flintoff, BAsC.
