Attention: Patrick Wruck, Commission Secretary and Manager, Regulatory Services

Dear Sirs/Mesdames,

RE: British Columbia Utilities Commission – An Inquiry into the Regulation of Municipal Energy Utilities ~ Project No. 1599027

Pursuant to Order G-136-19, the CEC provides the following comments on further process:

1. The CEC will not submit intervener evidence in this proceeding.
2. The CEC is content with the proposed regulatory timetable as established in the Regulatory Timetable.
3. The CEC expects that final written submissions will be appropriate following the review of responses to IR #1, but reserves the opportunity to modify its position subject to its review of the evidence.
4. The CEC is of the view that it would be reasonable for interveners to have the opportunity to respond to intervener final arguments if so desired.

All of which is respectfully submitted.

Yours truly,

David W. Craig
