**Re: British Columbia Utilities Commission – Review of Thermal Energy Systems Regulatory Framework Guidelines – Project No. 1599043 – Submission on the draft Terms of Reference**

Dear Mr. Andrews:

The Panel has reviewed the British Columbia Sustainable Energy Association's (BCSEA) submission on the draft Terms of Reference with respect to the above-noted proceeding.

The Panel requests the BCSEA provide clarification on its submission recommending the inclusion of information on the energy sources of thermal energy systems that have been the subject of the Thermal Energy Systems Regulatory Framework Guidelines. Specifically, the Panel requests clarification on whether the BCSEA recommends information be provided on thermal energy systems that have been approved by the British Columbia Utilities Commission to date, or whether the BCSEA is requesting that the energy sources of thermal energy systems be included as an item in the draft Terms of Reference.

The BCSEA is requested to provide its response by no later than **noon on Friday, March 6, 2020.**

Sincerely,

*Original Signed By:*

Patrick Wruck  
Commission Secretary
