- B. In the Application, Corix, among other things:
 - i. Requests that the BCUC approve the rates proposed in Sections 10.1 and 10.2.2 of the Application on an interim and refundable basis effective September 1, 2020, pursuant to Section 89 of the *Utilities Commission Act* (UCA);
 - ii. Proposes to file an Evidentiary Update on February 4, 2021, which will contain the final project costs and updates to the forecast costs, revenue requirements and proposed final rates as necessary; and
 - iii. Requests that the BMDEU financial model and the Biomass Supply Contract filed confidentially in Appendices A and B of the Application, respectively, remain confidential due to the commercially sensitive nature of the information and the potential impact to customer rates should this information be made public; and
- C. The BCUC has commenced review of the Application and finds that a preliminary regulatory timetable should be established and that approval of interim rates is warranted.

NOW THEREFORE, pursuant to sections 59 to 61 and 89 of the UCA, the BCUC orders as follows:

1. Corix's proposed rates are approved on an interim and refundable basis, effective September 1, 2020, as follows:

3. Corix is directed to recover or refund any difference in revenue, as a result of the difference between the interim rates and the final rates approved by the BCUC, from/to customers with interest calculated based on Corix's weighted average cost of capital, retroactive to the effective date(s) of the interim rates.
4. Corix is directed to propose a method to recover or refund the difference in revenue, as a result of the difference between the interim rates and the final rates approved by the BCUC from/to customers as part of the Evidentiary Update.
5. The BCUC will hold the BMDEU financial model and the Biomass Supply Contract filed as Appendices A and B in the Application, respectively, confidential as they contain commercial sensitive information.
6. A written hearing process is established for the review of the Application in accordance with the Regulatory Timetable, as set out in Appendix A to this order.
7. Corix must provide a notice of the Application, a copy of this order and the attached public notice, via email if appropriate, to all BMDEU customers and to all registered intervenor and interested parties in the Corix Multi-Utility Services Inc.
